If yes, describe

Yes

No

Unknown

Maternal characteristics

Question 9. Maternal prenatal BMI

Question 10. Maternal gestational weight gain or loss in pounds

Question 11. Location of placenta

Low-lying placenta

Partial placenta previa

Total placenta previa

Adequate placental placement

Unknown

Question 12. Was the pregnancy characterized by placental insufficiency?

Yes

No

Unknown

Question 13. Were there umbilical cord complications?

If yes, select all that apply

Yes

No

Unknown

Cord length

Single umbilical artery

Velamentous insertion or vasa previa

Cord knots, nuchal cord or cord stricture

Cord hematoma, cord ulceration, cord cysts or cord varix

Hemangiomas or teratomas

Cord prolapse

Unknown

Question 14. Intrauterine growth restriction (IUGR)

Yes

No

Unknown

Question 15. Prolonged premature rupture of membrane (PPROM)

Yes

No

Unknown

Question 16. Placental abruption

Yes

No

Unknown

Medications/substances

Question 17. Types of medications or drugs used during pregnancy

If any item is checked, indicate the generic or brand name of the medications or drugs used

- None
- Over-the-counter
- Asthma
- Anti-flu
- Nausea/vomiting
- Opiates
- Drug addiction treatment
- Polycystic ovarian disease
- Anti-depressants/anti-anxiety/anti-psychotics
- Diabetes treatment
- Anti-hypertensives
- Anti-infection
- Sleeping pills
- Hypothyroidism
- Elevated cholesterol
- Anti-epileptic
- Arthritis treatment
- Treatment for preterm labor
- Drugs used during delivery
- Allergies
- Unknown

Infections

Question 18. Did the mother have any sexually transmitted diseases or infections?

- Yes
- No
- Unknown

If yes, check all that apply

- Chancroid
- Chlamydia
- Genital warts
- Gonorrhea
- Hepatitis B
- Herpes
- HIV/AIDS
- Molluscum contagiosum
- Pelvic Inflammatory Disease
- Pubic lice
- Scabies
- Syphilis
- Trichomoniasis
- HPV
- Unknown infection

Question 19. Bacterial vaginosis present during pregnancy?

- Yes
- No
- Unknown

Question 20. Urinary tract infections present during pregnancy?

- Yes
- No
- Unknown

Question 21. Yeast infection present during pregnancy?

- Yes
- No
- Unknown

Fetal/infant information

Question 22. How was fetus/infant delivered?

- Vaginal
- C-section
- Unknown

Question 23. Was the delivery routine or emergency?

- Routine
- Emergency
- Unknown

Question 25. Apgar score at 5 minutes

- Low (less than 7)
- Normal (7 or greater)
- N/A
- Unknown

Question 24. Apgar score at 1 minute

- Low (less than 7)
- Normal (7 or greater)
- N/A
- Unknown

Psychosocial

Question 26. How supportive was the father of infant/fetus toward the mother during pregnancy?

- Not involved
- Very unsupportive
- Unsupportive
- Supportive
- Very supportive
- Unknown

Question 27. Indicate the incarceration status of the parents during the pregnancy

- Caregiver 1 incarcerated
- Caregiver 2 incarcerated
- Both incarcerated
- Neither incarcerated
- Unknown
