

Today I conducted a Safe Sleep Environment audit on the patient in room \_\_\_\_\_.

I found the crib had:

\_\_\_\_ Extra linens

\_\_\_\_ Toys

\_\_\_\_ Wipes/Diapers (Please circle which item found)

\_\_\_\_ Other (Please explain): \_\_\_\_\_

---

\_\_\_\_ I did not make any changes because I am not providing care to the baby and don't have a relationship with the family who was at the bedside.

These are the things I have done to make the patient's sleep environment safe for sleep. (Check all that apply). Items removed were:

\_\_\_\_ Extra linens

\_\_\_\_ Extra toys

\_\_\_\_ Wipes/Diapers

\_\_\_\_ Other (Please explain): \_\_\_\_\_

---

Thank you, The Safe Sleep Committee.
