Measures of Success

One Year	Three Years	Five Years
<p>Stronger relationships Buy-in on both sides Both sides gain knowledge Consistent screening (90%?) Referrals entered into Now Pow Now Pow communicates with EPIC CYSHCN families have SNAP CYSHCN families have food</p>	<p>Data sharing Closed loop referrals Effective screening developed More case workers Choice pantry – healthy food in bags Clients use pantry regularly Clients enrolled in food share Health providers advocate for food security Food providers advocate for medical home Families help track resources Resources delivered efficiently (3 days?)</p>	<p>Health and hunger recognized as interdependent Collaboration is a habit Policy changes Screening expands beyond Children’s and beyond hunger Reduction in obesity Health is improved Fewer families in need</p>
