

PEDIATRIC COMFORT KIT

Why are these helpful?

Kids are not tiny adults. Pediatric emergency situations are extra scary for kids. Use items from the bag to soothe, comfort and distract kids during an emergency.

Every emergency response team and emergency department should have a pediatric comfort kit on hand to help kids feel less scared.

Plus...the pediatric comfort kit is **FREE!**

What's inside the bag?

- Assortment of balls: distraction
- Book: distraction and soothing
- Bubbles: distraction
- Glitter stick: distraction
- Light up balls: distraction
- Light up turning circle wand: distraction
- Pacifiers: soothing
- Pediatric character masks: comfort and distraction
- Shot blocker: reduce injection pain
- Stickers: distraction
