2:20 – 3:20 – *Strategies to Support and De-Escalate Pediatric Patients and Families*

Presenter: Kim Haberkorn, BS, CCLS

Kim Haberkorn is a Certified Child Life Specialist at Children's Wisconsin (CW). She currently works in outpatient lab, but served patients in the Emergency Department and Trauma Center for her first 5 years at CW. Kim was part of establishing child life presence in the trauma bay and has presented on de-escalation and developmental strategies for all staff in the EDTC and outpatient labs. Kim is passionate about patient and family experience and recognizes the impact that each individual can make to decrease medical trauma for kids and teens.

3:20-3:30 – Q&A and closing remarks

3:30 - Adjourn
