We all have the power to make a difference for Wisconsin kids.

Today, I recognize and celebrate the importance of children's health – happy National Child Health Day! #ForKidsHealth

On National Child Health Day, and every day, I'm committed to working #ForKidsHealth.

Children are the building blocks for the future. Join the movement and post a photo to social using #ForKidsHealth.

It's National Child Health Day! What will YOU do #ForKidsHealth?

Newsletter Template

Children are the building blocks for the future and ensuring their health is at the top of everything we do at Children's Health Alliance of Wisconsin (the Alliance).

In 1928, Congress established National Child Health Day to recognize the importance of children's health and we continue to support this message every day. We all have the power to improve the health and well-being of children in Wisconsin whether it's influencing legislation, participating in a coalition, or raising awareness and educating others.

To recognize the importance of children's health and why you do what you do, please join me and the Alliance, as we celebrate National Child Health Day on Monday, Oct. 7.

Show your support for kids by posting a photo on social using #ForKidsHealth with our customizable sign.

You can find the #ForKidsHealth sign and other National Child Health Day resources at [chawisconsin.org/national-child-health-day-toolkit](https://www.chawisconsin.org/national-child-health-day-toolkit).
