2021 Work Plan Overview

- Two tracks: medical home?
- If medical home, implement the SPoC (if medical home)
- If not medical home, collaborate with clinic where children receive care
- Empower families to participate in their child's health (no requirement for family to be on project team)
- Collaborate with partner (WIC, Head Start, B to 3, School, behavioral health, community health)
- Clinic Activities
 - Quarterly care team surveys
 - Submit 1 PDSA/quarter
- Learning Community participation
- Collaborate with the Medical Home Initiative, your Regional Center, Family Voices and partners

Consider sharing:

- How has your work changed?
- What questions do you have for other teams?
- How have the families you work with been impacted? (*resources: CYSHCN Regional Centers or Well Badger Resource Center*)
- Have you been able to work on the SPoC project?
- Looking into the future, what do you see?
- We care...how can we support you?
- *Are these” huddles” a good place to just talk and listen to others and how are you enduring this difficult time?*
