

Wisconsin Seal-A-Smile

Proportion of high risk schools served by Seal-A-Smile Programs in 2018-2019

This map indicates the proportion of elementary, middle, and high schools that are high risk (participation rate in the free/ reduced lunch program of at least 35%) and have a Seal-A-Smile program in the 2018-2019 school year. This includes public and private schools. The data for high risk schools was provided by the Wisconsin Department of Instruction. The data for the Seal-A-Smile program was provided by Children’s Health Alliance of Wisconsin.
